FRESH TROOPS ARE REACHING MUKDEN

Railway Is Proving of Great Value to General Kuropatkin---Outpost Skirmishes Are Constant.

Outpost skirmishes constitute the sum total of declared activities on the Liaoyang and Taitse rivers in Manchuria. General Kuropatkin is reported to be keeping in contact with the entire Japanese front. Russian scouts report that the main Japanese force is centered in the vicinity of the Yentai mines.

Fresh troops and reinforcements are arriving at Mukden in large numbers. The railway north of Mukden is proving of much value to General Kuropatkin in bringing supplies for his army as well as reinforcements.

Chinese arriving at Chefoo report that Japanese attacks on Port Arthur have resulted in heavy losses to the besieging forces, while the Russians suffered comparatively little.

St. Petersburg, Sept. 28—3 a. m.—Movements at the front so far as disclosed by the meager dispatches received here are confined almost entirely to outpost skirmishes by means of which General Kuropatkin is keeping in close touch with the Japanese along the whole of their front. Field Marshal Oyama's advance appears to be extremely deliberate. There are no indications as yet that he has begun to overlap Russian positions.

The superiority of the Russian cavalry is beginning to be apparent. They have had the best of it in a number of minor encounters. It appears that General Rennenkampff's movement to the southward on September 18, extended beyond the distance indicated by first reports. His Cossacks made a rapid sweep on September 22 and struck a Japanese force at Sentsing, threatening their communications and causing much excitement. Reinforcements are rapidly arriving at Mukden and many convalescents are already returning to duty.

It is reported that General Kuropatkin has made a requisition upon the authorities here for additional officers to make up the heavy losses in killed and wounded in the battle of Liaoyang.

RUSSIAN RAIDING PARTIES BRING IN MANY PRISONERS

Mukden, Sept. 28—Many skirmishes [illegible] reported at headquarters here, but except for these none [illegible] prevails. In the fighting that has been taking place the Russian scouts have almost invariably shown superiority over the Japanese, both in riding and fighting.

The Japanese movement up the Taitse river appears to be by a comparatively small force.

Raiding parties from the Russian army bring in many prisoners.

Beautiful autumn weather continues. Reinforcements are rapidly arriving. Over 1,000 convalescents have returned to duty.

The railway is in good working condition. Officers are distributing the reserve supplies that were brought up from Liaoyang, as adequate supplies are now coming from the north.

Details of the fighting near Imposon September 28 show that General Mistchenko, accompanied by a battery of artillery, attacked a Japanese position where there were a battery of artillery, two companies of cavalry and two companies of infantry. The Japanese were shelled out of their positions on a hill and suffered heavily, but as they fled the Russians occupied the hill, which, when they, too, retired, under cover of darkness, having lost only three men.

The Japanese are sending out large parties of scouts fully with the object of checking the Russians' continuous raids.

The march of General Rennenkampff's Cossacks around the Japanese right flank, which was mentioned in these dispatches on September 5, was a remarkable performance. Accompanied by a battery of artillery the Cossacks covered 88 miles in 32 hours. They struck the enemy north of Pentsiapuhe on September 12, and, being continually south, circling the Japanese right flank and coming unexpectedly on the Japanese line of communications near Yentai on the bank of the Taitse river, September 17, inflicted much damage. The Japanese were thrown into great confusion but the Cossacks retired with a loss of only two killed. Dr. Matuevitch, who was captured by the Japanese at Liao-yang, says that the Japanese are suffering severely from dysentery, and that they regard his assistance in combating the disease. Japanese officers of the staff are excellent linguists, and many of them speak English and German, as well as some Russian.

The Japanese army is living almost entirely on rice and preserved foods, but is comfortably equipped, many officers having even chairs among their baggage. The principal Japanese fear is for forage for their horses during the winter for the country is swept clean for seven miles on each side of the railway and the inhabitants are reluctant to sell anything.

EVEN SOCIALISTS CONDEMN USE OF FICTITIOUS LETTER

National Secretary Denounces Dishonest and Questionable Methods---New York Post the Originator.

Chicago, Sept. 28.—William Mailley, national secretary of the Socialist party, issued a statement today in which he says:

"The Socialist party has no share in the responsibility incurred by the circulation of the fictitious letter said to have been written to Michael Donnelly by President Roosevelt. The letter bears on its face the evidence of its own spuriousness, for, even if the president entertained the views attributed to him it would have been eminently tactless and foolish for him to have given them out in that form at this time.

"Every piece of literature issued by the national Socialist party bears the imprint of the national committee and we are willing to accept any responsibility its issuance may bring. Our indictments of the capitalist system and men can find enough of truth to charge against it and both old parties without resorting to dishonest or questionable methods to make our case."

New York, Sept. 28.—The letter alleged to have been received by Michael J. Donnelly, the leader of the meat strike, purporting to be one sent by President Roosevelt, was copied from an editorial in the New York Evening Post of August 1.

The Evening Post says today:

"The letter appeared as an editorial in the Evening Post of August 1, and was explicitly stated to be a letter which the president might have written with advantage to himself and the country.

"In other words it was confessedly an imaginary letter, written for the sake of bringing out certain truths in regard to the meat strike.

"The Evening Post also says:

"We had no thought, of course, of being able to make even a presentable imitation of the president's literary style, and as the article was at the time commented upon and reproduced somewhat extensively in the press, we never dreamed of its ever coming to figure as a campaign forgery."

Washington, Sept. 28.—Secretary Loeb tonight made public a dispatch from United States Attorney Bethea at Chicago regarding the letter purporting to have been addressed by President Roosevelt to Michael Donnelly, of Chicago, president of the Butchers and Meat Cutters union, severely arraigning labor unions. The dispatch says that Mr. Donnelly received no such letter. The telegram follows:

"Chicago, Sept. 28.—I have seen Mr. Donnelly. He, of course, received no such letter and wishes to do anything in his power to counteract its extending effects. S. H. Bethea,

"United States Attorney."

BRITISH PAPER'S CRITICISM OF SECRETARY GUERNEY

London, Sept. 28.—The Westminster Gazette this afternoon accurately sums up the official opinion of the incident arising from the finding by Justice Phelps, of Lee, Mass., of Hugh Guerney, third secretary of the British embassy at Washington, for a violation of the law relating to automobiles and for maintenance of wrong driving.

It is understood that sentiment [illegible] with the legation should keep on the safe side of local law when they [illegible] purchase, that [illegible] the chauffeur involved [illegible] to leave their privileges and pay the fine.

BROTHERHOOD OF ST. ANDREW

NEARLY EVERY PART OF CIVILIZED WORLD WILL BE REPRESENTED AT CONFERENCE IN PHILADELPHIA

Philadelphia, Sept. 28.—High dignitaries and laymen of the Protestant Episcopal church from this and other countries are in this city to attend the 16th annual conference of the brotherhood of St. Andrew, which begins tomorrow. Nearly every part of the civilized world is represented among the 500 delegates who will answer roll call. The convention will be addressed by the most notable array of Episcopalians ever assembled in this city, including the heads of the church in England and America.

The general council of the Brotherhood held meetings today and tonight, with the

TORPEDOES LOST IN SAN PABLO BAY

ONE STILL AT LARGE CHARGED WITH 200 POUNDS OF GUN-COTTON AND MAY BE EXPLODED BY PASSING VESSEL.

San Francisco, Sept. 28.—Two torpedoes were lost last Friday from the United States submarine boat Pike which has been experimenting in San Pablo bay under the direction of Lieut. [illegible] Arthur. [illegible] were recovered by Italian [illegible] Germania. The other is still at large and may be exploded by a passing vessel. It is charged with 200 pounds of gun-cotton. A reward of $250 is offered for its recovery. The one already found will be [illegible] compressed air and was [illegible] harmless.

SENATOR HOAR IN DYING CONDITION

DEATH MAY COME AT ANY HOUR OR NOT FOR SEVERAL DAYS—WONDERFUL VITALITY IS SHOWN.

Worcester, Mass., Sept. 28.—United States Senator George F. Hoar's condition continues most critical. He has not rallied from the sleep and stupor into which he fell Tuesday afternoon and it is feared that he is in his last sleep. He partakes of no nourishment being too weak to swallow. The attending physicians said late tonight that there is absolutely no hope, but are unwilling to venture an opinion as to whether he will die during the night or live possibly two or three days. The remarkable vitality he has shown during his present illness may be sufficient to fight death until the last of the week.

CONVICT ESCAPED FROM PENITENTIARY

TWO BROTHERS SENTENCED FROM OTERO COUNTY MADE A DASH FOR LIBERTY BUT ONE WAS RECAPTURED.

Canon City, Sept. 28.—Guards from the penitentiary, Sheriff Simon and his deputies and local police officers are scouring the hills for Jackson Solomon, an escaped convict who cut loose from the lower ranch this morning. His brother, Edward Solomon, made his escape from the road gang at the same time but he was recaptured after a fierce fusillade of shots exchanged between him and James Harvey, a South Canon milkman who was near by at the time of his escape, and took up the trail of the convict after he had gone down the road a few miles.

The two brothers were cellmates and had been planning their escape for some time. They were both sentenced from Otero county for larceny. Their behavior had been good and they were "trusties."

DISCUSSING THE CIRCUIT

Joplin and Topeka for Western League.

ACCORDING TO A RUMOR

EASTERN MEMBERS OF THE LEAGUE ARE PLANNING TO KEEP OUT VICTOR AND PUEBLO IF THEY CAN.

Special to the Gazette.

Omaha, Sept. 28.—Joplin, Mo., and Topeka, Kan., will probably figure as members of the Western league baseball circuit next year and Pueblo and Victor, Colo., will be turned down despite the strenuous efforts of Burns and Tebeau to secure membership for the two last named cities.

A meeting of the eastern members of the league was held here last night. Those present at the meeting were Bawson, of Des Moines; Duncan of Sioux City; Chamberlain of St. Joseph and Rourke of Omaha, and it was decided to vote against the admittance of Pueblo and Victor and in favor of Topeka and Joplin.

Neither Burns nor Tebeau was notified of the meeting and the eastern members dreaded to turn down the Colorado members at the annual meeting to be held in St. Joseph in October. Joplin and Topeka will be compelled to pay $1,500 for a franchise in the Western league.

It is probable that many reports similar to the above will be sent out within the next few months before the 1905 Western league circuit is adopted.

While an eight club circuit is agreed by all the managers to be the best thing for the Western league and will undoubtedly be adopted at the next annual meeting the question of just what cities will form the circuit will not be known until that time.

Mr. Burns, owner of the Colorado Springs club, was seen last evening in regard to the proposed dropping of the Colorado towns but he declined to give out any statement as to the probable outcome of the secret meeting in Omaha. Special meetings of this character cut but little figure if any in the deliberations of the league as a whole and while the eastern club owners may be trying to frame up matters so as to beat Messrs. Burns and Tebeau at the annual meeting they will find that they have taken a pretty big contract.

DENVER WESTERN LEAGUE PLAYS CRIPPLE CREEK.

Special to the Gazette.

Cripple Creek, Sept. 28.—Manager J. F. Manley, of the Cripple Creek ball team, today received a telegram from the manager of the Denver team of the Western league accepting the challenge to play in this city next Sunday. While the local team is scattered considerably, Mr. Manley expects to bring nearly every one of them back for this game. Jack Nash, the old Cripple Creek player who played with the Colorado Springs team, will be the twirling for the local team. The Denver aggregation of ball players realize that there is a bunch of pitchers in the district in the fact that they sometimes find two of Colorado College players will join their forces on this occasion.

GOLD CAMP TO PLAY IN LEAGUE

A meeting of the representatives of the schools composing the southern division of the Colorado Interscholastic Football league has been called to meet in this city Saturday to straighten out the schedule and arrange certain matters in connection with it. The games to be played between Cripple Creek and Victor have not yet been set and this will probably necessitate a number of changes in securing a schedule that will be satisfactory to all.

Centennial High school will be here to play a game with the college Tigers, and the other outside schools have been notified and requested to send delegates to Colorado Springs.

STORY OF THE BUZZARD THAT BUZZED UNTIL IT BEFARE AN EAGLE AND INSPIRED A FAIRY TAINING STORY.

A story appeared in the evening paper last night to the effect that a monster eagle attacked the engine and tender of the Santa Fe train Tuesday night and did but carried the child away. The fact of the matter is that no such incident occurred at the time mentioned and no eagle has been seen in this vicinity for years.

About a week ago a buzzard was seen near the entrance of the cemetery and the graveyard boy began to throw clubs at the bird. The buzzard flew to about a few yards and finally took to flight when it spied a neighbor approaching with a shotgun.

TO MANAGE THE ELK HOTEL

The Elk Hotel company, with J. M. Ward as manager, has been organized to take over the well-known hostelry on Pike's Peak avenue. The transfer of the property from the old management to the new is being made now, and the change will become effective October 1.

Mr. Ward is one of the best known hotel men in the middle west. At present he is the superintendent of the Colorado Midland hotel system and has charge of all the railroad company's eating houses. For seventeen years he has been proprietor and manager of hotels and restaurants in Colorado and is well known to the traveling public. Before coming west Mr. Ward was connected with some of the biggest institutions of the western coast and has a reputation of being one of the best hotel men in the country.

Under his management, the Elk, a few years ago, enjoyed the most prosperous business in its history, and the new company, of which he is the head is now having the building thoroughly remodeled, and many improvements added. It will probably be conducted on both the European and American plans.

Associated with Mr. Ward in the new management of the Elk, is John M. Burger, who is well known and very popular in Colorado Springs.

THURSDAY, SEPTEMBER 29, 1904.

A MAN OF PEACE.

PRESIDENT ROOSEVELT continues to give evidence that he is unsafe, warlike and unreliable. His latest example of this is in determining to accept the request of the interparliamentary union to summon a conference to strengthen The Hague tribunal and make it more effective in the settlement of disputes between nations.

The delegates to this congress had taken occasion to praise the president for interference in behalf of international arbitration, and he said to them:

"I thank you for your kind allusions to what the executive of the United States has accomplished for the policies you have at heart and I assure you that this government's attitude will continue unchanged in reference thereto. We are even now taking steps to secure restriction treaties with all other governments which are willing to enter into them with us."

It is, of course, a severe disappointment to democratic orators to have their campaign ammunition destroyed by the president, but the president pursues his course without regard to their earliest attacks upon him. In his reply to the members of the interparliamentary congress, composed distinguished men from all nations, President Roosevelt exhibited himself as he is, one of the most earnest advocates of peace throughout the world. Having been personally instrumental in sending to The Hague tribunal one of the most serious controversies that ever arose in the Western hemisphere in recent times, the Venezuela imbroglio, he has taken an advanced step in urging a further international conference to enlarge the scope of the arbitration court.

There is no justification, whatever, for the continued assaults upon him by democratic orators, but it is of course, too much to expect that they will be deterred by the facts from continuing their misrepresentations. It will be left to the people themselves in November to pass judgment upon assertions of Mr. Theodore Roosevelt by reference to the records of the past.

PRINCIPLES ARE AT STAKE.

Almost everyone will agree with Chancellor Snyder that Alva Adams has a genial personality. But they will also agree that a man's disposition and social qualities are not the issue this year.

The question in Colorado this fall is "What does a man stand for," and "Who is behind him?"

In the case of Governor Peabody we believe that the large majority of the people who believe in the methods of law in the enforcement of it, in the prosecution of criminals for all crimes, and that their duty is to support the process administration in its courageous and unyielding course in behalf of every citizen.

In the campaign Alva Adams, genial though he may be, has shown that he is a man who cannot be trusted. His record of state in Colorado formerly he has given assurance to lawbreakers that one just as susceptible as those preached by Moyer and Haywood. He has compared the governor without stint; he has compared him to the role of Othello; he has declared that it would be a calamity for Colorado if Governor Peabody should be elected.

Under these circumstances there can be no question as to the duty of the people of this state. There can be no question as to how they should cast their ballots. There is not a way for the possession because he [illegible] against Governor Peabody's policies of [illegible] and that [illegible] in Colorado hopes in the new found [illegible] Democratic Federation to carry the vote [illegible]

NEW SECTION FOR STUDY OF FOREIGN LANGUAGES TO BE ESTABLISHED IN THE HIGH SCHOOLS AND COLLEGES

The directors of the state [illegible] association have decided to have a section for the study of foreign modern languages. At the Modern Language conference held in Colorado Springs in February a committee was appointed to take the matter in hand and formulate a petition for the readers' section. The petition has been granted.

The state officers are as follows:

Prof. [illegible], chairman; Miss Wilhelmina Rost, high school, Denver, secretary; Miss [illegible], high school, Colorado Springs, treasurer.

This committee will have charge of the meeting and the program for the modern languages section.

There will be several papers read by [illegible] of the Denver schools, and Germans in the Denver public schools of modern languages throughout the state are invited to join the section.

FINE ORE BODY IN WORK PROPERTY

Lessees on Block 17 Have Encountered Main Ore Body at Depth of 200 Feet Giving More Than Double Values.

[illegible]

LESSEES SHIPPING ORE FROM GRANITE DUKE.

Special to the Gazette.

Cripple Creek, Sept. 28.—Lessees Nelson and associates, operating under lease the Granite Duke, are shipping ore from the north end of the claim. The ore is coming from the [illegible] level, which is now [illegible] feet below the surface. The ore is of [illegible] grade and is being shipped to the Colorado Sampler. The lessees are [illegible] the ore from the [illegible] and are [illegible] the ore [illegible] the [illegible] of the Granite Duke.

LESSEES PUSHING WORK ON VERA BEY SUPER CLAIM

Special to the Gazette.

Cripple Creek, Sept. 28.—Lessees who recently opened a bonanza on the Vera Bey claim, located near the mouth of the El Paso drainage tunnel, are pushing the work of sinking the shaft which is located [illegible] feet north of the [illegible] ore body. The shaft has now reached a depth of over [illegible] feet, but instead going on down to the [illegible] level from which they will drift, hopes to cut the extension of the large ore-bearing body of the Lowe mining property.

VIRGINIA CAPITALISTS INSPECT GOLD CAMP.

In charge of D. Hunter, a well known mining man of the Cripple Creek district, a party of eleven capitalists from West Virginia have been visiting various parts of the state where they are interested in a flotation deal, and have stopped in Colorado Springs for a few days rest before returning to their homes in the east.

ELKTON IS PROVING UP ITS RECENT STRIKES.

Special to the Gazette.

Cripple Creek, Sept. 28.—The Elkton Consolidated properties, whose territory is located on Bingo Hill near the town of Elkton, proved up the ore shoot recently opened in their Elkton tunnel, which at the time was considered somewhat sensational in Cripple Creek. The ore shoot is believed to be an extension of the rich Elkton vein which practically starts the mine in the first place. The ore has now been opened in the [illegible] and [illegible] levels below the vein [illegible] from three to five feet and re-

[illegible] feet and [illegible] feet [illegible] to the ore.

The company is now sinking north in the eighth level in order to find out if the ore continues to that depth. It has already been [illegible] extent above the sixth level and it may possibly go to surface. Development work will be pushed in the upper levels a little [illegible] in order to [illegible]

The company is now employing a force of 20 men and sending out 15 tons of [illegible] per day. This force will be greatly increased in the near future.

WINNAMARA LESSEES ARE AFTER THE OPHIR VEIN.

Special to the Gazette.

Cripple Creek, Sept. 28.—Lessees operating the Montebello claim on Raven hill are pushing the work of development as fast as possible and expect that within another 50 feet of drifting they will encounter the rich ore shoot recently opened on the Ophir property, a near neighbor.

The Ophir company is now sending out regular shipments of a carload per day which is returning smelting grade values.

IRREGULAR SESSION IN NEW YORK STOCKS

U. S. STEEL PREFERRED AND READING WERE AGGRESSIVE POINTS OF STRENGTH—MONEY CONTINUED EASIER.

New York, Sept. 28.—Prices of stocks opened up this morning all round, but that was about the only consistent movement throughout the day. Heavy profit taking promptly made itself felt and carried the market back about to last night's level. Then new points of strength were pushed forward to sustain the market and these surrounded Early Erie during the remainder of the session. Meanwhile the movement to take profits was followed up by realizing in U. S. steel preferred was the feature of the market in continuance of its previous strength. This was of strong sympathetic effect on the general list and was supplemented by the aggressive attempt developed by Reading. Northern Securities made another jump in the curb market and caused some [illegible] covering. The movement of
